Letter

Dear John,

I hope this letter finds you well. Last week I received your mail in which you asked for help in finding a job in Australia. Yesterday, I was going through Economic Times journal and found a suitable job opening for you in Avatara Technologies, Sydney.

As you have graduated in Data Science, this role will find you a lots of opportunities in your career. It is a full time Data Engineer role with fantastic perks such as medical insurance, gratuity, provident fund, etc. The shift timings proposed are 9:00 AM to 6:00 PM and 11:00 AM to 8:00 PM. You will be responsible for data migration monthly tasks and visualisation of information in a statistical format.

This job will be the best suited for you as as playing around data is your forte. Moreover, your data manipulation

skill can help you in doing this job effectively and efficiently.

You can apply to this job via company's portal www.avataratech.com/jobs or by contacting them via email careers@avataratech.com. However, I have already forwarded your resume through one of my relative who work as a manager there.

I am looking forward to see you soon in Australia.

All the best!
