

Dear David

I am in pink of my health and I hope you are pulling in the same boat. You would be pleased to know that I am finally moving to my dream country i.e. Australia.

As I am moving to Australia with my family, I would be selling all our home furniture. This includes the dining table, the sofa set, three pairs of beds, two study tables and an office chair.

I am well aware of the fact that you just bought a home and in case you are interested to look for premium quality furniture at deeply discounted prices you can visit my home on upcoming Sunday i.e. 31st of October.

Looking forward to hear from you.

Best Regards
Mohit
