

Dear John

I hope you and your family are doing well. I am happy to tell you that recently I have purchased a new house which is around 400 Km far from my earlier house.

The old house was very less spacious and after having kids we were unable to accommodate all the family members there so I decided to buy a new apartment and move there.

The new building is very large and has four bedrooms with attached bathrooms. The whole apartment is fully furnished.

On this Sunday, we are hosting a party. In fact, our school friends are coming too. I also request you to come in the party and I will show you my new apartment and moreover we will have fun together.
